Connector housing chamber assignment (assignment seen from the cable inlet side)

**Configure water heaters with S+ interface as additional device [AD] in the workshop menu**

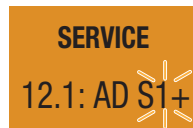

- Use the ◀ or ▶ button to select the flashing symbol in the Menu bar.

- Confirm the SETTINGS menu item by pressing the button. The [SET THE TIME] symbol is displayed flashing.

- Press the LONGPRESS button for longer than 5 sec.; the service menu is displayed.
- Press the ◀ or ▶ button to select the item [12.1] and confirm by pressing the button.
- Use the ◀ or ▶ button to select the flashing option [S1+].

- Via the switch-on signal of the S1+ heater only the heat menu is displayed (no diagnosis function).
- Press the button to confirm the selection.
- Press the button to exit the workshop menu.

**i Please note!**

To activate the function a reset of the system must be performed (remove the fuse).
